## Food Pantry-Grades K-2

We love to go to the food pantry! All month long we collect food for people who can't afford to buy it. We stock shelves and put food in the right places. After we work, we go to their bakery. On the way back to the school, we sometimes go to the Friendship Park to play for about ten minutes. The food pantry helps a lot of people and our trips there are so much fun!

Written by, Henry Benoit, Marin Calkins, Andrew Fassnacht, Sofia Milo, Julian Smith and Christopher Winters.

**NOTE: Our next trip to the food pantry is February, 28th. Please remember to bring your food items by that day.**

## THE ROOT CELLAR MINISTRY

The class ministry for the last half of the school year for grades 5-7 is serving at The Root Cellar in Portland. Samuel Martus and Toria Lewis wrote the following about their experience:

"My first trip to The Root Cellar was a lot of fun. While we were there we had lots of work. I had two jobs: First I was giving people coffee with Joshua and Laurisah, and later I went to work on giving corn out with a guy named Al. In the end Al and me had almost got rid of all the corn. After all the people were gone I got to bring home a turkey dinner. Going to the Root Cellar is a lot of fun." Samuel Martus

"The Root Cellar in Portland was an amazing ministry trip. When we first arrived we started stacking boxes, organizing food, and breaking down boxes. Around eleven o'clock people started arriving to get lunch. After that people went around and we helped hand food out to people who were from all around the world. All of us were assigned to different stations. Over all it was a super success. Everyone had a blast." Toria Lewis

We mad necklaces out of Froot Loops, paper, and string. We baked 100 cookies and delivered them all around the school. We completed a 100-day writing assignment. We had fun playing games like Pizza Pals, Candyland, Chutes & Ladders, and a math game. At the end of the day, we did 100 exercises and popped 50 balloons worth 2 points each.
